Regularly \$55

Microfiber Towel

- Oil “magnet” towel cleans off oil more effectively than terry cloth towels.
- Use between shots to prolong the life of your ball

Three (3) Abralon Pads

- Expensive and hard to find abrasives are the best at roughing up the surface and creating better traction on the lane for your style, lane conditions and overall needs (1000, 2000, and 4000 grits)

Approved Ball Cleaner

- Absolutely necessary for preventing oil from migrating inside the bowling ball and creating “Dead Ball Syndrome”

Carrying Case

- Keep your gear organized and all in one place
